### Membership Year – February 1, 2026 to January 31, 2027

The Comox Valley Farmers (CVFI) Institute welcomes and represents a diverse, local group of producers/farmers, processors as well as farm and agriculture supporters. Founded and governed by farmers-for farmers since 1873, it is important to us that the CVFI remain producer/farmer led and driven; this is entrenched in our constitution. Agriculture, farming and farmers are important to us and we commit to promoting, supporting and ultimately contributing to its success in our region. We want to see our members succeed in the business of farming and agriculture and we want to see agriculture continue to be a valued and important contributor to the social, economic and environmental fabric of the Comox Valley's long-term prosperity. There are many ways to be engaged and involved and we are only as successful and as strong as our membership! Our activities are membership driven - Members are encouraged to provide us feedback on what you think we should be focusing on and become involved in our activities. We meet in person on the third Tuesday every month at 7pm at the Dove Creek Hall. We do not meet in December, May, June, July or August.
